Perfection

You'll see the endless possibilities as you drive up
the stately tree-lined approach to this one-of-a kind property.

A perfect equestrian estate or family compound. . . imagine your new home, with more than 14,000 SF in the main house, and ±64 rolling acres for horses. Plenty of room to enjoy life.

The property, with its many outbuildings and gracious accommodations, could also be an inspiring religious retreat center, where guests can stroll beautiful lawns, worship under blue skies, and even be baptized in the crystal-clear water of the spring-fed swimming pond.

Don't just dream it. The new price makes this unique property a reality.

Tranquil breezes
whisper through the trees on
sixty-four rolling, green acres.
